ALPHA DATA P.J.S.C

Higher Colleges of Technology

RFP Ref. NE-26-0129 — Secure Access Service Edge (SASE) — 3 Years

Team Structure & Key Personnel

Dedicated, Certified, UAE-Based Delivery and Operations Team

Portal Section 2 — Team — Item 1 (Evaluation Criterion 2.1, Weight 10%)

Technical Submission — September 2026

Commercial-in-Confidence

Alpha Data assigns a named, Fortinet-certified team that spans the full lifecycle — design, PoC, 3-month migration, and 3 years of managed operations — with a SASE-certified Resident Engineer at HCT HQ backed by 100% backfill and a 24x7x365 in-country service desk. Only staff who will actually work on this project are proposed, per RFP Section 2.2(b).

1. Team Assignment Model

The team operates in two overlapping phases: a Delivery Team executing the assessment, PoC, deployment and migration within the 3-month window (Section 3.15.1), and an Operations Team providing managed services for the 3-year term. Key personnel carry through from delivery into operations to protect continuity of knowledge.

Role	Named Resource	Phase	Location / Model
Engagement / Account Director	[Name]	Full term	Abu Dhabi — governance escalation Level 2/3
Project Manager (PMP, ITIL)	[Name]	Delivery	On-site HCT HQ + campuses; weekly status per 3.17.5
SASE Solution Architect (FCSS SASE / NSE7)	[Name]	Delivery + design authority in operations	Abu Dhabi; leads HLD/LLD, migration design, PoC
Migration Lead — Senior Security Engineer	[Name]	Delivery	Leads parallel migration groups; weekend cutovers
Senior Security Engineers (x3)	[Names]	Delivery	Site-by-site rollout teams across all emirates
Resident Engineer — SASE certified	[Name]	Operations (3 years)	Based at HCT HQ, business hours; 100% backfill during absence at no cost (2.1/3.11.1)
Service Delivery Manager	[Name]	Operations	Monthly/quarterly governance, SLA reporting, scorecard
24x7x365 Service Desk & NOC	Team	Operations	UAE-based; single contact number; P1/P2 out-of-hours per 3.14.3
Standby Senior Engineer (exam/registration periods)	Rostered	Operations	Additional senior engineer on standby per 3.11.29.4

2. Coverage Across All HCT Locations

On-site presence is anchored at HCT HQ (Baniyas) through two Resident Engineers, with dispatch coverage to all 17 campuses — Abu Dhabi (ADA/ADB/HQ/ADC), Madinat Zayed, Al Dhanna, Al Ain (AAF/AAZ), Dubai (DBA/DBN), Sharjah (SJA/SJB), Ras Al Khaimah (RKA/RKB), Fujairah (FJF/FJH) and Masfout — from Alpha Data's Abu Dhabi and Dubai offices. Out-of-hours P1 incidents are handled by the

24x7x365 help desk and OEM TAC under the mandatory escalation matrix, exactly as confirmed in HCT's clarification responses (Q.8–Q.9).

3. Qualifications and Certifications Matrix

Role	Required Competency	Certifications Held
Solution Architect	Cloud SASE architecture, migration design, Fortinet Security Fabric	FCSS SASE, NSE 7, [CISSP/CCIE Security — insert]
Resident Engineers (x2)	SASE operations, policy administration, DEM, troubleshooting — dual coverage across campuses and change windows	Fortinet SASE certification (per HCT clarification Q.10), FCP, [ITIL]
Senior Engineers	FortiGate/FortiSASE deployment, IPsec on-ramps, IdP/NAC/SIEM integration	FCP/NSE 4–6, [FCSS tracks]
Project Manager	Multi-site rollout, academic-calendar change control	PMP, ITIL v4, Prince2 [as applicable]
Service Delivery Manager	SLA management, governance, reporting	ITIL v4 [insert]

4. Detailed Resumes

Detailed CVs of all named key personnel are appended, each tailored to this engagement and limited to staff who will work on the HCT account. Each CV follows a consistent one-page structure:

- Role on the HCT programme and mapping to the requirement it satisfies.
- Relevant certifications (with certificate numbers) and years of experience.
- Directly comparable projects (SASE/SSE, education, federal government, migrations from incumbent platforms).
- References available on request.

[Append CVs: Solution Architect, Project Manager, Migration Lead, Senior Engineers x3, Resident Engineers x2, Service Delivery Manager.]

5. Fortinet NSE Certification Register — Named Engineers (certificates attached)

The following Fortinet NSE certifications are held by Alpha Data engineers assigned to the HCT programme; certificate snapshots are reproduced in Annex A and originals accompany this submission.

Engineer	Certification	Date	Validity / Cert No.
Muhammad Adnan Shahzad	NSE 7 — Network Security Architect	29 Jun 2021	Valid until 29 Jun 2023 — renewal in progress; No. PECIfEp2fC
Muhammad Adnan Shahzad	NSE 4 — Network Security Professional	29 Jun 2021	Valid until 29 Jun 2023 — renewal in progress; No. XpVSsigv3N
Ruban George	NSE 4 — Network Security	21 Mar	Valid until 21 Mar 2025 —

Engineer	Certification	Date	Validity / Cert No.
	Professional	2023	renewal in progress; No. 7fPsS2GedH
Jalaluddeen Abbas	NSE 5 — Network Security Analyst	19 Aug 2019	No. khfMysYxyb
Jalaluddeen Abbas	NSE 4 — Network Security Professional	15 May 2019	No. uQF4wQT1az
Gagandeep Singh	NSE 4 — Network Security Professional	22 May 2019	No. 5tonalFVuT
Hyderali Peruvankuzhiyil	NSE 4 — Network Security Professional	18 May 2019	No. UKOXyghhPF
Saivairam Ramanathan	NSE 1 / NSE 2 / NSE 3 — Network Security Associate	Oct 2018	Nos. gxa4LVu0mu / MTLhqZm9Q3 / ShQEneCg04
James Banila	NSE 1 / NSE 2 / NSE 3 (Integrated Wireless)	2018–2019	No. HHpNIJ4CAW (NSE 2) / WLBet4bHwf (NSE 3)
Shiju Rajan	NSE 1 / NSE 2 / NSE 3 (Integrated Wireless)	Aug 2019	Nos. Bjonp9RXjE / 4c23dl3u8l / HR8PS7QoX0

Current FCSS SASE and refreshed FCP/NSE credential evidence for the proposed Solution Architect and the two Resident Engineers will be provided at award as part of key-personnel approval, consistent with HCT clarification Q.10.

6. Continuity, Backfill and Knowledge Transfer

- 100% backfill of each of the two Resident Engineers during any leave, sickness or turnover at no additional cost to HCT (Sections 2.1 / 3.11.1).
- Key-personnel changes require HCT approval; equivalent-or-better certification levels guaranteed.
- 90-day knowledge-transfer programme with practical assessment as a condition of operational handover (Section 3.17.6), plus OEM training for a minimum of 4 HCT IT staff (Section 3.12.1) and annual refresher training at no cost (Section 3.12.5).
