CERTIFICATIONS

- (i) (HCIE) Routing & Switching
- (i) Fortinet NSE5, NSE7
- (i) (OMCP) MetaDefender Core Professional
- (i) OPSWAT OFSA

- ❖ OPSWAT OESA
- ❖ OPSWAT OWPA
- ❖ OPSWAT KATA Platform & EDR Expert
- ❖ OPSWAT Cisco Certified Specialist: Enterprise Core
- ❖ Zscaler ZIA & ZPA Administrator
- ❖ Infoblox DDI
- ❖ NetSkope NSCIOT
- ❖ NetSkope NSCO&A

DEEP AND BROAD KNOW-HOW

- ❖ FortiGate Firewalls, FortiWEB, FortiAnalyzer, FortiManager
- ❖ Palo Alto Firewalls, Panorama, Switching/Routing Technologies
- ❖ Microsoft Azure (Deployments for FortiGate & Palo Alto)
- ❖ OPSWAT MetaDefender Core, ICAP Server, Kios, Vault, OCM
- ❖ NetSkope NSCIOT, NetSkope NSCO&A
- ❖ Configuration Review
- ❖ Architecture Review

EMPHASIS ON WORK

- ❖ Successfully completed multiple projects for various technologies, including an Azure deployment for a Dubai customer that involved five FortiGate firewalls and two FortiManagers.
- ❖ Successfully completed multiple projects for OPSWAT, Netskope, and Palo Alto.
- ❖ Successfully completed multiple projects performing configuration reviews of Firewalls, Routers, Switches, Windows servers, and Linux servers.
- ❖ Successfully completed multiple projects performing architecture reviews for various customers.
- ❖ Gained expertise across multiple technologies, such as Architecture Review, Netskope, Thales MFA, OPSWAT, and configuration reviews of Windows and Linux servers.
- ❖ Recognized with the Hi5 Award for exceptional performance and contributions.

RECENT PROJECT EXPERIENCE

- ④ Performed multiple projects for Architecture Review
- ④ Performed multiple projects for Configuration Review
- ④ Deployed five FortiGate firewalls and two FortiManagers on Azure for a Dubai Customer
- ④ Deployed Netskope SASE projects for multiple customers
- ④ Deployed OPSWAT MetaDefender Core, ICAP server for multiple customers in Riyadh
- ④ Successfully completed Palo Alto migration and Panorama implementation for Saudi Railways, Riyadh
- ④ Deployed (FortiGate, FortiWeb, FortiAnalyzer, FortiManager) for ALKASS Sports Channel in Qatar on Microsoft Azure Cloud
- ④ Successfully completed Juniper to FortiGate Migration for Qatar Stock Exchange in Doha. It involved Juniper SRX5400 & FortiGate 2201E firewalls in HA Cluster.
