Cybersecurity Integration Team Lead - KSA

PERSONAL DATA

-  **Year of birth:** Apr-1986
-  **Nationality:** Egyptian
-  **Languages:** Arabic, English
-  **Education:** Engineering-Communication and Electronics

EXPERIENCE

-  Monitoring : PRTG, Solarwinds, ManageEngine
-  Load Balancers : F5 LTM
-  VPN : Fortinet, Sonicwall, Checkpoint, Ivanti
-  Firewall : PaloAlto, Fortinet, Checkpoint, Juniper, Sonicwall
-  Proxy : Symantec
-  WAF : F5 ASM
-  Collaboration : Cisco Unified Communications Manager& Video Conf.
-  Wireless : Meraki/HP/Cisco
-  Routing& Switching : Cisco Routers &Switches
-  Advanced Threat Prevention: OPSWAT

- (i) Process Management & Best Practices
- (i) Project Implementation & Management
- (i) Team Management
- (i) Knowledge Transfer
- (i) Policies & Procedures
- (i) Lab Setup and Management
- (i) Conducting Technical Presentation

CERTIFICATIONS

- (i) CCNP Routing and Switching (Cisco Certified Network Professional)
- (i) CCNA R&S
- (i) Fortinet NSE 4
- (i) PCNSE (Palo Alto Networks Certified Network Security Engineer)
- (i) Fortinet NSE 7
- (i) JNCIA-SEC (Juniper Networks Certified Associate- Security)
- (i) F5 Application Delivery Fundamentals (101)
- (i) F5 Certified BIG-IP Administrator (F5-CA)
- (i) F5 Certified! Technology Specialist, BIG-IP Local Traffic Manager (F5-CTS, BIG-IP LTM)
- (i) F5 Certified! Technical Specialist, BIG-IP ASM (F5-CTS, BIG-IP ASM)
- (i) Netskope Security Cloud Introductory online technical Training
- (i) Netskope Administrator Accreditation
- (i) Netskope Integrator Accreditation
- (i) NetSkope Security Cloud Operation and Administration
- (i) InfoBlox- CORE DDI CONFIGURATION AND ADMINISTRATION 8.4
- (i) Tenable Identity Exposure Specialist (Tenable.ad)
- (i) OPSWAT Introduction to critical infrastructure protection (ICIP)
- (i) OPSWAT File Security Associate (OFSA)
- (i) OPSWAT Email Security Associate (OESA)
- (i) OPSWAT Data-Transfer Security Associate (ODSA)
- (i) OPSWAT Network Security Associate (ONSA)
- (i) OPSWAT Web-Traffic Protection Associate (OWPA)
- (i) OPSWAT Endpoint Compliance Associate (OECA)
- (i) OPSWAT Secure Storage Associate (OSSA)
- (i) OPSWAT Legacy systems associate (OLSA)

- ❖ OPSWAT MetaDefender Core Professional (OMCP)
- ❖ OPSWAT MetaAccess NAC Professional (OMNP)
- ❖ CSSA (Certified SonicWALL Security Administrator)
- ❖ Attended FireEye Network Security (NX) Deployment - Standalone Edition
- ❖ Attended FireEye Endpoint Security (HX) Deployment
- ❖ Attended CCSA (Check Point Certified Admin R80.x)
- ❖ Attended JNCIS-SEC (Juniper Networks Certified Specialist Security)
- ❖ Attended Configuring Cisco Nexus 9000 Series Switches in ACI Mode (DCAC9K) V2.0
- ❖ Zscaler Internet Access (ZIA) Administrator
- ❖ Zscaler Private Access (ZPA) Administrator
- ❖ Trellix Service Provider: Network Security (NX)

DEEP AND BROAD KNOW-HOW

- ❖ Fortinet (FortiGate, FortiManager, FortiAnalyzer)
- ❖ Firewalls (Palo Alto, Fortigate, Checkpoint, Sonicwall,)
- ❖ Load Balancing (F5)
- ❖ WAF (F5)
- ❖ Global DNS (F5 GTM)
- ❖ Switching / Routing technologies
- ❖ Clustering / High Availability
- ❖ Authentication
- ❖ Security logging / reporting / analysis
- ❖ Network and Security Monitoring
- ❖ Collaboration
- ❖ VPN technologies
- ❖ SASE
- ❖ Sandbox

EMPHASIS ON WORK

- ❖ Having a good understanding and troubleshooting skills on Fortinet, Palo Alto, F5, Juniper, Checkpoint
- ❖ Management and support for platforms like Cisco (L2/L3 switches, routers)

- ① Understanding and implementation experience of wireless technologies like Cisco, Meraki and HP
- ① Strong analytical abilities to generate result quickly.
- ① Time Management, which direct me to manage activities on time.
- ① Good understanding of networking & Security related concepts and technologies

RECENT PROJECT EXPERIENCE
